ADVANTA GROUP SOLUTIONS

CAPABILITY STATEMENT

Supply & Procurement for Government and Industry

Veteran-owned and operated | North Las Vegas, NV

COMPANY OVERVIEW

Advanta Group Solutions (AGS) is a veteran-owned and operated company that sources and delivers commercial products for military installations, federal agencies, and prime contractors. Buyers get one point of contact, sourcing built to salient characteristics, and delivery direct to site. Founded by a U.S. Air Force veteran, AGS can also carry a larger facility outfitting or activation buy from the requirements list through coordinated delivery and closeout.

CORE COMPETENCIES

Procurement & Supply

Commercial products sourced to spec. Requirement review, brand-name or equal, and direct-to-site delivery.

Vendor Management & Sourcing

Multi-distributor price and lead-time comparison, and OEM-authorized sources.

Logistics & Delivery Coordination

Shipping, receiving, staging, drop-ship, and multi-site delivery, tracked through receipt.

Federal & VA Supply Support

Open-market purchasing support for military, VA, and federal facilities, including AbilityOne and Buy American screening.

Facility Outfitting Support

Furniture, equipment, and supplies by room or site, from the requirements list through placement and closeout.

End-to-End Delivery Coordination

Multi-vendor deliveries, installer coordination, and a single point of contact from award through closeout.

ALSO: EQUIPMENT ACCOUNTABILITY | MULTI-SITE FULFILLMENT

DIFFERENTIATORS

- **Veteran-owned and operated.** Co-owned by two service-disabled veterans.
- **Military leadership and accountability.** Founder managed TRANSEC support for about 3,000 radios at Nellis and Creech AFB at 99% compliance.
- **Documented market research.** Example: 2025 FAR 25.103(b) nonavailability analysis for portable power.
- **Technical buyer's eye.** Six years of USAF communications and equipment work applied to specification-driven buys.
- **Right-sized.** Lean two-principal structure for fast-turn procurement, with the capacity to coordinate vendors and deliveries on larger outfitting and activation buys.

RELEVANT EXPERIENCE

New company: no completed federal contracts yet. Items below are the founder's individual experience unless noted.

- **Nellis & Creech AFB (USAF):** TRANSEC support for about 3,000 radios at 99% compliance; deployed a 20-channel ROIP system.
- **Beale AFB and related field work:** Giant Voice project and primary POC on a mass-notification upgrade; industry mass-notification work including Luke AFB and a siren survey.
- **Leadership team:** coordinated deployment and system testing of a Ground Multi-band Terminal; secure communications infrastructure projects overseas and stateside.
